● Accessing Student Data
Activating a License

Signing in from your invitation email:

1. You will receive an invitation email from confirm@account.educatordashboard.com.

2. Click Accept in the email.

3. You will be prompted to put in your email password.

You are set up with the email address used to click confirm. The next time you login to Educator Dashboard, use this email to sign in.

For future login, if have an existing login type with Google, Microsoft Live, or Office 365, click the Sign in with Google or Sign in with Microsoft button and then enter your email address.

Before creating staff and students, please ensure that the following are whitelisted:
These emails are solely for account confirmation and management (i.e. password reset).

Whitelist:

Educatordashboard for Staff: confirm@account.educatordashboard.com
Snap and Read for Staff & Students: confirm@account.snapandread.com
Co:Writer for Staff & Students: confirm@account.cowriter.com
Wordbank for Staff & Students: confirm@account.wordbank.io

Get to Know the Educator Dashboard

Dashboard Areas

**Assess (Red)** - Is the section where all assessment product information is found and the section where all assessments are created and managed.

**Accommodate (Green)** - This is the section where all accommodation product information can be found. The Accommodate section is where student invitations are sent or user activation codes are created, and student users are managed for accommodation products. You will be redirected to cowriter.com or snapandread.com.

**Monitor (Yellow)** - This is the area where all available Report data can be viewed. You will be redirected to cowriter.com or snapandread.com when accessing data for those two products.

**Manage Educators (Blue)** - This section is for managing other Dashboard users. (Admins/Analysts/Educators). This includes viewing license details, sending activation invitation emails, changing permissions, and removing Dashboard users.
Creating Educators

To create other Educators follow the steps below.

1. Click on the sliding menu button in the upper right corner to access more menu options.

2. Click on Manage Educators.

3. Select Give to Educators.

4. Under Step 1 - choose the Product Educators can access by clicking the OFF button so it reads ON.

5. Under Step 2 - Enter email addresses of educators. To enter more than one name, separate with a comma or hit enter.

6. Optional Step 3 - Please skip - this feature is not yet live.

7. Click Invite >.

(Ignore Step 4 “Add Educator”, that’s our mistake!)

Changing Permissions:
All staff members will be invited as Educator level access. To change an Educator to an Administrator or Analyst, click on Manage Educators, Manage, then click Permissions beside the users you wish to change.

In STEP 1, move the “OFF” button to “ON” by click on it. Scroll to the bottom and click Apply.
Signing in as an Educator

Domain Access:
Google:
Follow steps 1-4 for Google listed above. You be able to sign in without an invitation.

Microsoft:
Follow steps 1-4 for Microsoft listed above. You will be able to sign in without an invitation.
Connecting with Existing Students

If you have an Educator Dashboard account, you can connect with an manage existing student users by following the steps below. As a license administrator, you can add an existing student to a new license. As a license educator, you can connect with an existing student for user management and data viewing.

1. In your web browser - Navigate to educatordashboard.com

2. Log in to your account.

3. Click ACCOMMODATE, then click the accommodation you wish to have access to for the student. You will be redirected to either cowriter.com, snapandread.com or wordbank.io.

4. Click Add student(s), choose one of the following options for student access:

   **Add students options:**

   a. **Use student’s email address:** type in student’s email address and click Next. Students will accept at the product sign in page.

      **Domain access note:** You will receive a note that your student has been connected. If your student has yet to activate their account, you will get an error message when you try to connect with them. Send them to the product to log in, then you can connect with them with the above steps.

   b. **Import from CSV file:** to invite multiple email addresses at one time, click Upload from CSV file. An invitation will be sent from asking the student to accept your invitation to connect with you. They can accept the invitation at the product sign in screen.
Connecting with Existing Students Cont’d

c. **Import from Google Classroom**: *(Co:Writer & Snap&Read district & site licenses only)*
   1. Click Import Google Classroom
   2. Click Proceed
   3. Follow the prompts from Google to log into Classroom
   4. Select the class(es) to import
   5. Click Import

d. **Give students an activation code**: connect with existing students by clicking Get student activation code button. Then, print or make record of the code displayed (in green) on the screen. Note: the codes will be product specific.

   Take the code to your student and have the student launch and sign into the Chrome App, Chrome Extension or iOS.

   1. If using the Chrome Extension,
      a. Click the Snap&Read or Co:Writer extension icon.
      b. Select Options.
      c. Click on the student’s name in the upper right corner.

   OR

   If using the Chrome App or iOS, Click the user’s name on the home screen.

   2. **Apply Code**:
      a. Click on the **Code** link next to Connect with Educator
      b. enter the Activation Code you created
      c. click **Done**.
Accessing Student Data

To view student and summary data, follow the steps below:

1. In your web browser - Navigate to educatordashboard.com
2. Log in to your account.
3. Click MONITOR
4. Click the product you wish to view. Note: for uPAR, you will stay at educatordashboard.com. For Co:Writer or Snap&Read, you will be redirected to either cowriter.com, snapandread.com or wordbank.io

**uPAR:**
1. Click REPORTS
   - You will see the list of Assessments
2. Click the assessment name you wish to view. You will see the summary of the assessment.
3. Click student name on left to view a particular student’s data.

**Co:Writer or Snap&Read:**
1. You will see the summary data for the product.
2. Click student name on left to view a particular student’s data.
