

Download and Installation of Snap&Read Universal

Snap&Read Universal needs to be installed first before a student can create an account.

Snap&Read Universal includes:

- an extension for Chrome™ – compatible with Windows, Mac, and Chromebook platforms
- a desktop version – compatible with Mac and Windows operating systems

All products can be accessed and installed from their respective store, available through the links below.

Google Chrome™ Extension

available in the
chrome web store

For installation instructions for the Snap&Read Universal Chrome™ Extension [click here](#).

Windows and Macintosh Desktop

Snap&Read Universal Desktop Installers were built for easier installation and quick deployment. Two installers, one for Macintosh and one for Windows PC that can be installed either locally on individual desktop computers or through mass installation.

There is no need to request separate .msi “Windows” or .pkg “Macintosh” installers.

Note Chrome does not download well via FTP.*

It is recommended to use Firefox, Internet Explorer or Safari for downloading Desktop installers.
