  Train-in-30 Tutorial
Skill Assessment
Classroom Implementation Tool
Professional Development Tracker
Successful training and implementation hinges on one’s ability to understand “what and who” the technology is for, and then how to use it.

Building Awareness and Conceptual Understanding

- Summarize corresponding initiatives and provide the rationale behind your organization’s desire for participants to learn to use the tool.
- Require that participants view the Start-to-Finish® Online Accessible Library Product Demo prior to any training. [www.donjohnston.com/product_demo](http://www.donjohnston.com/product_demo)
- Preview the Start-to-Finish Online Accessible Library Classroom Implementation Tool on page 16. This will help participants identify student needs, set goals and think about logistical matters.

Skill Acquisition

- Make sure you have Internet access prior to any training. Participants must be able to go back and practice following their new learning.
- Stick to the tutorial by teaching just what is here—providing too much information at once is ineffective and unproductive.

Skill Application

- Set clear expectations and timelines related to putting new knowledge into practice. (examples: sharing with peers, using with students)
- Provide tangible implementation tools that not only promote thought and planning, but also require “answers” or results—homework!
- Set aside time to share successes and failures. Everyone will benefit from shared knowledge and group brainstorming
- Recognize leaders and those being successful—use them to push the training out to the next level of participants.
Get, Read and Manage Your Library

Start-to-Finish Online Accessible Library, an online library of engaging, high-interest titles with professional narration, is an excellent tool for providing accessible materials to Learners. You can gather, store and assign/share materials with your Learners.

Take the Start-to-Finish Online Accessible Library Skill Assessment on page 15.

Sign In

1. Go to https://start-to-finish.com
2. Log in as a Staff Member with your user name and password.
   You will default to the Home screen.

Add Learners to Start-to-Finish Online Accessible Library

To obtain a user name and password, Learner information must be entered into Start-to-Finish Online Accessible Library. Teachers, as well as Administrators, can add Learners to Start-to-Finish Online Accessible Library. Here is a fast way to add a Learner.

1. Click Manage Users or (from the Home screen). You go to Manage My Learners.

   This is where you manage Learners in your classroom.

   Note: If you are signed in as the District or Site Administrator, then click on to go to Manage My Learners. This is because, as the District or Site Administrator, you are able to manage all-district or all-site learners as well as your own classroom learners. Manage My Learners is the portion that allows you to manage just your classroom learners.
2. To add a new Learner, click **Add / Remove Learners**.

3. From the drop down menu, select the School Site you are working in. Then click **Submit**.

You may see a list of Learners that have already been added to the District-wide or Site-wide roster. Or, if no Learners have been added yet, the list will be blank.

In either case, you may add a new Learner at this time. Let’s do that now.

**ADD a New Learner**

1. In the lower left corner, locate and click **Add New Learner**.

2. A dialog box opens where you can add the Learner information.
   - Where there is a red asterisk, this is required information.
   - The username must be unique.
   - To keep it easy, for the password, you can use 123456.
   - Passwords are at least 6 characters.

   **Tech Tip:** Establish a naming convention for User Names so that they are unique and meaningful. For example, the User Name could be the Learner’s first and middle initials followed by the last name. In this case, Jerome Washington Jackson would be jwjackson. Another idea is to use sequential numbers at the end of the last name. For example, Pat Wilson could be pwilson01, pwilson02 and so on. The maximum number of characters for a User Name is 14.

3. Take a few moments to enter the Learner information (this information can be changed later).

4. When the information is entered, click **Add New Learner**. If there is an error, you get an opportunity to correct the information.

5. Now that you have added Learners, click **Submit**. The Learner is added to the Site or District roster.

   **Tech Tip:** When you add a New Learner, it is added to the District roster as well as the Your Learners list. As a Staff Member, you may remove a Learner from the Your Learner list. However, a Staff Member cannot delete a Learner for the District roster. Only District Administrators can delete Learners from the District roster.

   If you wish to leave this area without actually adding a Learner to the District, click **Close**.
ADD the Learner from the Site or District List to Your Learners

As you can see, the Learner you just added is in the Site or District list. You may select this Learner, and any others, and add them to Your Learners.

1. Click to select a Learner.

   Tip: You may use Shift+Click to select Learners that are next to each other. Or, use Command/Control+Click to select multiple learners that are not next to each other.

2. When they are selected, click Add >>. The Learner name(s) moves to Your Learners list.

3. To finish, click Submit.

   Tech Tip: Remove Learners from Your Learners the same way. Select the Learner in the Your Learners list and click << Remove. The Learner is removed for the Your Learners list but remains on the District or Site list.

Note: To comply with the Family Educational Rights and Privacy Act (FERPA), do not add a Learner to Your Learners list if you do not have a legitimate educational interest.

Set Preferences

The Preferences screen allows you to choose options for Auditory Supports, Highlighting Color selection, Scanning Speed and Background Interface Color.

1. Left-click Preferences in the top right corner of your screen or (from the Home screen) to access the different Start-to-Finish options.

   Any changes made in the Preferences screen are saved automatically.
The Titles screen allows you to choose options for the individual Start-to-Finish book titles.

1. Left-click the **Titles** in the top right corner of your screen to access the Start-to-Finish book titles options.

2. Scroll through the titles using the scrollbar at the bottom of the Titles screen.

---

**Tech Tip:**

When logged in as a Staff Member, you can access individual Learner preferences to change these options for your Learners from a remote location.

---

---

Get a Book

1. Left-click the **Start App** or (from the Home screen).

---
2. Select **Mysteries** from the *Theme* drop-down menu in the left column. The default selection is *Adventures*.

All **Mysteries** titles will display in the center column.

   ![The Graveyard Mystery book icon and book summary display in the right column.](image1)

2. Left-click the **Read Book** button in the *Book Summary* right column.

   ![The Graveyard Mystery book title page will display.](image2)

   *The Graveyard Mystery* book title page will display.
The Graveyard Mystery table of contents page will display.

3. **Left-click Chapter 1: The Graveyard.**
   The Chapter 1: The Graveyard chapter page image will display.

4. **Left-click** to hear Chapter 1: The Graveyard read aloud.

5. **Left-click** to turn the page.

6. **Left-click** to hear Page 1 read aloud.
1. Read Pages 1 through 5.

2. Left-click once more to come to an end-of-chapter quiz.

Tech Tip:
You may left-click to go back to a previous page. You may also click the Contents button to go back to the Table of Contents and navigate to another chapter.

Take a Quiz

1. Read Pages 1 through 5.

2. Left-click once more to come to an end-of-chapter quiz.

Tech Tip:
You may print out the quiz before taking it by left-clicking the Print button. You may also left-click the Help button for help or the Quit button if you would like to quit.
3. Hover the cursor over the **Help** button and you will hear it read aloud. Hover the cursor over the **Start** button and you will hear it read aloud. Hover the cursor over **Start** and you will hear it read aloud. Hover the cursor over the **Print** button and you will hear it read aloud. Hover the cursor over the **Quit** button and you will hear it read aloud.

4. Left-click the **Start** button to begin taking the quiz. Left-click each space in the sentence to select the word or phrase that you think is the best answer. (Left-click again to see a different answer. There are five possible answers for each sentence.)

5. Left-click the **Done** button to stop taking the quiz. You will see the correct answers in black and the incorrect answers in red.
Quit a Book

1. Left-click the **Quit** button. Three exit options will display.

   ![Quit Dialog](image)

   **Cancel** — Go back to the story page  
   **Table of Contents** — Exit this page and go back to the Table of Contents  
   **Quit** — Quit this story and go back to the library

2. Left-click **Quit** to close out of *The Graveyard Mystery*.
   After quitting out of the book, you will be returned to where you began, the *Mysteries* section with *The Graveyard Mystery* book summary displayed.

   ![Mysteries Section](image)

   Congratulations! You read the first chapter of *The Graveyard Mystery* in the Start-to-Finish Online Accessible Library!
Explore Reports

Reading Data is tracked for Learners. You can see the words Learners have clicked on, comprehension quiz data and the amount of time they spent reading.

1. Left-click on **Home** to return to the Home screen.

2. To see the data, left-click on **Reports** or (from the Home screen).

![Explore Reports](image_url)
Take a moment to explore the available Reports.
LOG OUT

When you are finished for the day with Start-to-Finish Online Accessible Library, be sure to log out.

1. Left-click Log Out. You are now logged out of the Start-to-Finish Online Accessible Library.

Tech Tip:

To view reports in more detail, simply double-click on any report next to a learner’s name.
To close the report, simply double-click it again.
Pre Assessment

What student outcomes do you expect through the use of Start-to-Finish Online Accessible Library?

_____________________________________
_____________________________________
_____________________________________
_____________________________________
_____________________________________

Do you know how to:

Get a Book
- Sign in
- Choose a book title from the Online Accessible Library

Read a Book
- Choose a chapter from the Table of Contents
- Read a page in a book
- Turn pages in a book
- Take a quiz

Manage Library
- Add a new Learner
- Add a new Learner to the Your Learners list
- Set Preferences
- Explore Reports
- Log out

Post Assessment

Which teachers and/or students can benefit from this and what can you teach them?

Goal Setting Tips:

- Set clear, concise, measurable reading and/or IEP goals for each student.
- Plan when and where students will have access to, and use Start-to-Finish Online Accessible Library (do students need this at home?).
- Integrate your reading instruction with Start-to-Finish Online Accessible Library—show students the technology in a reading context.
- Measure changes in attitude—yours and the students!
